

①

②

by clicking on these, a new maze will be generated with the given algorithm.

3

★ closer look at maze / features

* note that the maze isn't perfect, so there are multiple ways to go from start to end

when
clicked,
it will
show
highlighted
path

start

Pha

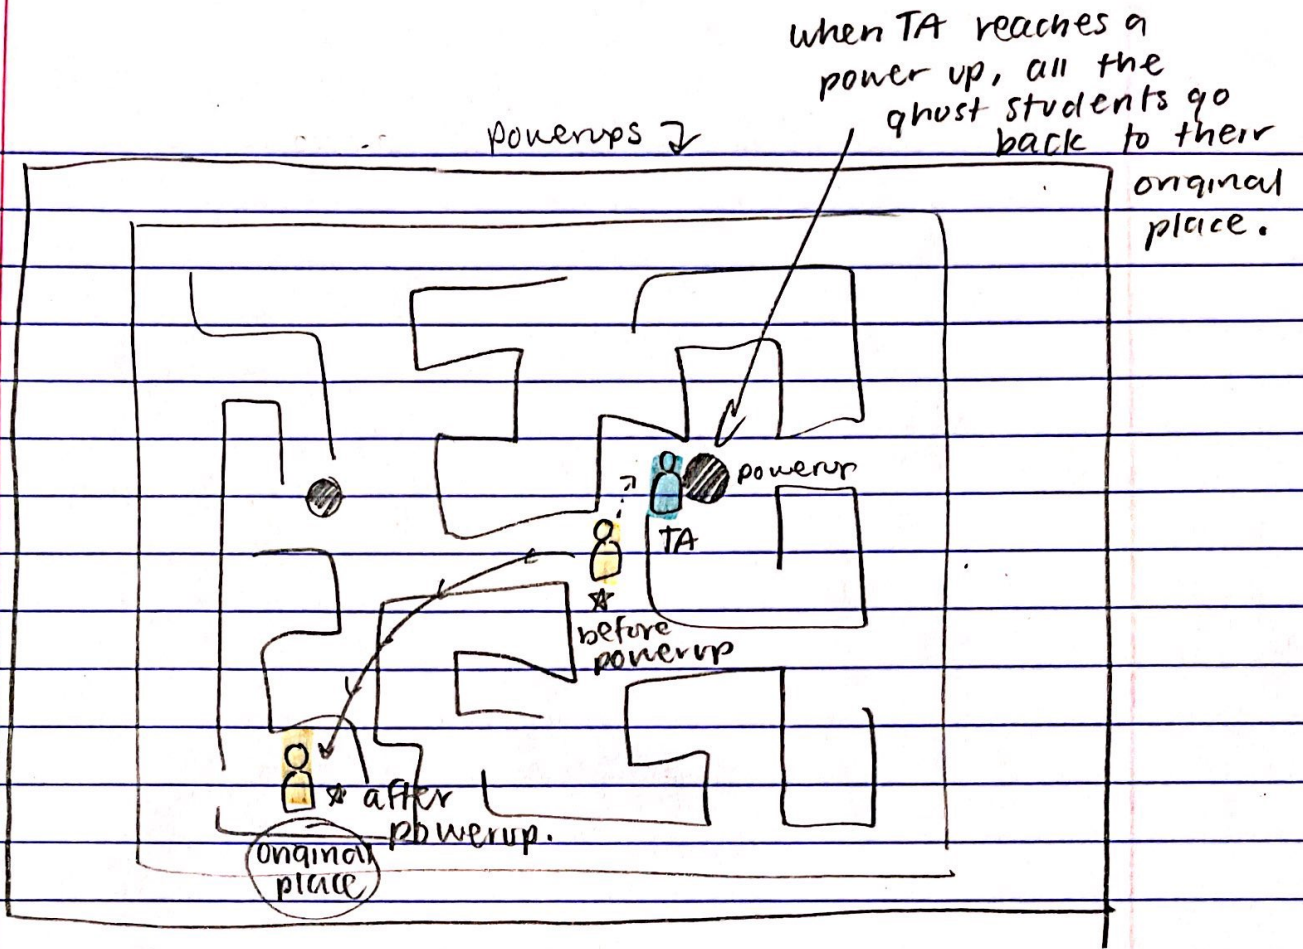

→ even considering where the ghost students are.

4

Some ghost student
use BFS
maze solving
to track
down TA
avoid them!

while some
ghost
students
just wander
around
